ATHLETES IN
A. A. A. GAMES AT
TRAVERS ISLANDTwo Hundred of Them Com-
pete for Junior Titles Be-
fore Big Crowd.

(Special to The Evening World.)
PELHAM MANOR, N. Y., July 22.—Two hundred of the best athletes of the metropolitan district competed for titles at the Metropolitan Junior track championships at Travers Island to-day. The fight for the point trophy narrowed to a match between the New York Athletic Club runner and the track man from the Irish-American Athletic Club early in the meet. Trainer "Al" Copeland, of the Mercury Footers, had entered twenty-eight men, and Coach "Ernie" Herzberg, of the "Irish," thirty-two.

The 100-yard dash was the most closely contested match of the lot. A. C. Johnson, of the N. Y. A. C.; "Sammy" Northridge, of the I. A. A. C.; and W. E. Finlay, of the N. Y. A. C., pushed each other hard.

As the last few events of the metropolitan junior track championships were being run off at Travers Island, a series of splashes attracted the attention of the crowds at hand. With one accord all rushed to the boathouses, where the water was so shallow that the swimmers were able to splash and splash.

"Bud" Goodwin's exceptional work in the 400-yard National A. A. U. championship event earned the plaudits of the thousands along the water front. For over 400 yards he swam the newly introduced Australian crawl stroke and for the rest of the race he was in the lead.

The surprise of the day came in a trial of the 100-yard dash, when A. C. Johnson, of the New York Athletic Club, who had been considered as a place winner at least, was run off his feet by W. F. Groene, of the Xavier Athletic Club. In the final Northridge, of the I. A. A. C., went to the front after the first ten strides and stayed there until he reached the tape, a winner from Groene by a scant half foot.

At the start of the first lap of the half-mile run, William J. O'Connell, of the Xavier Athletic Club, received one of the most brilliant starts of the season at an eastern meet in years. A tendon was partly severed at the left ankle, the goal necessitating a few stitches.

Joseph Brownlow, of the I. A. A. C., led from the start of the race, and with little effort by four yards in 2:02.

150 Yards Hurdle—First heat won by J. J. McLaughlin, of the I. A. A. C., second, 17:25 seconds.

Second heat won by L. Ashburner, (N. Y. A. C.), E. Finley (N. Y. A. C.).

Final heat won by L. Ashburner, J. J. McLaughlin, second, F. J. Sullivan, third, W. E. Finley, fourth. Time, 15:46 seconds.

SMALL BOATS IN
THIRD RACE FOR
CHALLENGE CUPIf Manchester Wins To-Day
Seawanhaka Trophy Will
Come Back to U. S.

DORVAL, Quebec, July 22.—Considering the two decisive victories of the Manchester Yacht Club's gallant little challenger Manchester and the conditions to-day, it was generally conceded there would be a transfer of the Seawanhaka Cup from the Royal St. Lawrence Yacht Club to the custody of an American club for the first time since 1884.

The only hope held by the Canadians was that a light wind would prevail, the Alexander having shown her best form in light breezes. The conditions under which the yachts have sailed, it is admitted on all sides, have proven conclusive tests of the yachts, rigging and crews. The crews weathered in at noon without change on either boat. The wind at that time was very light, but showed signs of increasing.

The course for to-day was the same as that sailed in the first race—a two-run straightaway to windward and return, to be sailed over three times. The time limit was fixed at three and one-half hours.

BIG DYNAMITE
BLAST A SUCCESS.

PORTSMOUTH, N. H., July 22.—The big blast of dynamite removing Henderson's Point from the Piscataqua River was discharged at 10 this afternoon.

Chief Engineer Gregory, of the Navy Department, pronounced the explosion "a complete success."

There was no damage.

Hundreds of visitors came here to witness, with the people of this city and its vicinity the culmination of the engineering project, which has been under way for the past three years, and which has attracted the attention of experts both in this country and abroad.

It was the removal of Henderson's Point, a ledge some three acres in extent, from the Piscataqua River, and by exploding simultaneously about 400 tons of dynamite, the rock was broken into forty-five tons, in the rock being broken by the water.

By the moving of a switch at a safe distance from the ledge, a spark was set into contact with the dynamite, and an explosion resulting shattered the mass of rock, thereby widening and opening the waterway leading to the city of Portsmouth, N. H., and the Government at the United States Navy.

Edith Foster, daughter of A. C. Foster, superintendent of the firm which has done the work, operated the switch, and Gov. Hollister, of Maine, Rear-Admiral W. W. Woodbury, Commander of the Portsmouth Naval Station, and others were present.

280-MILE RACE

Amid the cheers of thousands on yachts and shore the twelve motor boats entered in the long-distance race from the Knickerbocker Yacht Club house to the Eastern Yacht Club house, Marblehead, Mass., left College Point sharp at 12 to-day and started on their 280 nautical mile run for the \$250 trophy cup.

The May 11, jumped to the front at once and constantly increased her lead until she was 200 feet ahead of the other boats when the racers disappeared from sight.

Great interest was manifested in this race, which is the first motor boat race of such distance. The Knickerbocker Club puts up the second prize, a handsome cup valued at \$250 presented by the Rudder. The Knickerbocker Club, 100 West 42nd St., New York, is the motor boat owner winning it being allowed to select any trophy to the value of \$250. The goal necessitating a few stitches.

Joseph Brownlow, of the I. A. A. C., led from the start of the race, and with little effort by four yards in 2:02.

150 Yards Hurdle—First heat won by J. J. McLaughlin, of the I. A. A. C., second, 17:25 seconds.
